Forecast For Scotland
Issued by Met Office Aberdeen
at 0400 on Friday 15 Jan 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Mainly dry and bright. Patchy low cloud and mist. Cold.

Today:
A frost and ice risk for some along with low cloud and mist. Otherwise a bright and dry day with some sunshine, but feeling cold. However, milder around the west coast with freshening southerly winds.

Tonight:
Dry during this evening with strengthening southerly winds. Rain, sleet and snow pushing in from the west overnight. The snow mainly over higher ground, but heavy at times.

Saturday:
Rain and hill snow will soon clear into the North Sea with showers following. The showers heaviest and most widespread in the west. Windy but milder than of late.

Outlook for Sunday to Tuesday:
Bright and showery on Sunday and Monday, the showers wintry over the hills, and merging at times in the west. Rain in the south on Tuesday, wintry showers in north.
